

Furthering your commitment to safety

HELP KEEP KIDS SAFE WITH NCSI

Families trust Babe Ruth League programs to choose volunteers and coaches that create fun, educational, and safe environments for their athletes. This is why Babe Ruth League requires all affiliated leagues to have a comprehensive safety program in place that includes background screenings and abuse prevention training.

Fact: 1 in 10 children will be sexually abused by the time they're 18.

DISCOUNT SCREENING SERVICES MAY BE MISSING CRUCIAL INFORMATION

From an internal case study, it was found that 46% of records sourced from county or local level searches would have been missed on database-only searches. This would have allowed individuals with felonies on their records to have slipped through the cracks.

Your partner in safety

For more than a decade, youth sports leagues across the U.S. have trusted NCSI to help keep athletes safe with a complete safety program that includes comprehensive background screenings.

NCSI delivers the Gold Standard in protecting athletes and organizations by thoroughly investigating all screening subjects through a variety of databases and search parameters—revealing information that discount screening services could miss.

NCSI KEY BENEFITS

- 24/7 access to your background screening reports
- Hands-on, personal attention from our safety experts on every background screening
- Only background screening provider endorsed by the National Council of Youth Sports
- The official background screening provider of more than 50 National Governing Bodies

“If we’re going to put such attention on making sure that the fields are in great shape and that the sports equipment is adequate, then we should put that same effort into making sure that the volunteers who work with our kids are of the highest standard. The children playing the game are our greatest asset. We want to do everything we can to make sure that they are safe.”
